

Reid Thomas

Missouri City, TX · reid@reidthomas.net · +1111111111

Professional Summary

Dynamic technology leader with extensive experience as a Chief Technology Officer (CTO), adept at defining and executing innovative technology strategies. Proven track record in developing scalable platforms, managing high-performing engineering teams, and driving day-to-day operations. Skilled in data security best practices and evaluating emerging technologies to enhance organizational growth and efficiency. Passionate about fostering collaboration and innovation in fast-paced environments.

Work Experience

Google

Google Drive IT Management

In my role at Google Drive IT Management, I spearheaded the integration of innovative technologies, optimized cloud storage solutions, and ensured seamless user experiences. I led a dynamic team, driving enhancements and maintaining top-tier security standards while aligning strategies with organizational goals to foster growth and efficiency.

Google

Sales Manager 2

As Sales Manager 2 at Google, I drove revenue growth through strategic partnerships and innovative sales strategies. I led a high-performing team, analyzed market trends, and optimized performance metrics, fostering collaboration across departments to enhance customer engagement and satisfaction in a fast-paced, tech-driven environment.

Google

Sales Manager

As a Sales Manager at Google, I strategically drove revenue growth by cultivating key client relationships, leading a high-performing sales team, and leveraging data analytics. My role involved developing innovative sales strategies and ensuring alignment with Google's technical capabilities to enhance customer satisfaction and market presence.

Google

IT Director

As IT Director at Google, I led technology strategy and operations, driving innovation across scalable platforms. I built high-performing teams, ensured data security, and evaluated emerging technologies, fostering a culture of excellence in a dynamic environment while collaborating with executives to align IT initiatives with business goals.

IBM

Senior Director of AI Strategy

As Senior Director of AI Strategy at IBM, I led the development and execution of AI initiatives, aligning technology with business goals. I fostered innovation, guided cross-functional teams, and ensured scalability, driving the integration of advanced AI solutions to enhance operational efficiency and customer experiences across the organization.
