

## Reid Thomas

Missouri City, TX · reid@reidthomas.net · +1111111111

### Professional Summary

---

Strategic and innovative Chief Technology Officer (CTO) with extensive experience in shaping technology vision and executing scalable platform development. Proven track record in building high-performing engineering teams, overseeing technical operations, and driving data security initiatives. Adept at evaluating emerging technologies to enhance business growth in fast-paced environments, with a strong focus on collaboration and compliance.

### Work Experience

---

#### Google

2010 - 2013

##### Google Drive IT Management

As a Google Drive IT Manager, I oversaw the integration and optimization of cloud storage solutions, ensuring data security and user accessibility. I collaborated cross-functionally to enhance system efficiency, implemented best practices, and drove innovative solutions, all while supporting a high-performance team in a rapidly evolving tech landscape.

#### Google

2010 - 2013

##### Sales Manager 2

As Sales Manager 2 at Google, I drove revenue growth by developing strategic sales initiatives, leading a dynamic team, and leveraging data analytics for informed decision-making. My role involved fostering client relationships and optimizing sales processes to enhance customer satisfaction in a fast-paced, innovative environment.

#### Google

2010 - 2013

##### Sales Manager

As a Sales Manager at Google, I led high-impact sales strategies, driving revenue growth and market expansion. My role involved mentoring a dynamic team, leveraging data-driven insights for decision-making, and fostering client relationships to enhance product adoption and customer satisfaction in a competitive landscape.

#### Google

2013 - 2014

##### IT Director

As IT Director at Google, I led the strategic vision for technology, driving innovation and operational excellence. I managed high-performing teams, ensured robust data security, and oversaw scalable platform development, fostering collaboration across departments to enhance productivity and support the company's growth objectives.

#### IBM

2023 - Present

##### Senior Director of AI Strategy

As Senior Director of AI Strategy at IBM, I led the development and execution of innovative AI initiatives, aligning technology with business goals. This role involved cross-functional collaboration, driving AI adoption, and ensuring scalable solutions to enhance operational efficiency while maintaining industry-leading standards in data security and compliance.
