Professional Summary

Dynamic technology leader with extensive experience in developing and executing innovative strategies as a Chief Technology Officer. Proven track record in building high-performing engineering teams and delivering scalable platforms. Adept at overseeing technical operations, implementing data security measures, and evaluating emerging technologies to drive growth and efficiency in fast-paced environments. Committed to shaping Ambiance's technology vision for success.

Work Experience

Google2010 - 2013

Google Drive IT Management

In my role as Google Drive IT Management, I optimized cloud storage solutions, ensured data security, and streamlined collaboration tools. I led cross-functional teams to enhance user experience, drove innovation, and implemented best practices, contributing to seamless integration within Google's ecosystem and fostering a culture of continuous improvement.

Google2010 - 2013

Sales Manager 2

As Sales Manager 2 at Google, I drove revenue growth by implementing strategic sales initiatives, fostering client relationships, and leading a high-performing sales team. My role involved leveraging data analytics to optimize performance and ensuring alignment with corporate goals, ultimately enhancing market presence and customer satisfaction.

Google2010 - 2013

Sales Manager

As a Sales Manager at Google, I drove revenue growth by developing strategic partnerships, leveraging data analytics for market insights, and leading a high-performing sales team. My focus was on innovative solutions, enhancing customer experiences, and achieving ambitious sales targets in a dynamic tech environment.

Google2013 - 2014

IT Director

As IT Director at Google, I spearheaded technology strategy, driving innovation and scalability. I led diverse engineering teams, optimized technical operations, and implemented robust security measures. My focus was on fostering collaboration and leveraging emerging technologies to enhance performance in a dynamic, growth-driven environment.

IBM2023 - Present

Senior Director of AI Strategy

As Senior Director of AI Strategy at IBM, I spearheaded the development and implementation of AI initiatives, aligning them with business objectives. I led cross-functional teams to drive innovation, enhance operational efficiency, and foster a culture of data-driven decision-making. My role focused on strategic partnerships and emerging technologies.
