Professional Summary

Dynamic technology leader with extensive experience in defining and executing strategic visions as a CTO. Proven track record in developing scalable platforms and building high-performing engineering teams. Adept at driving innovation, overseeing technical operations, and ensuring compliance with data security standards in fast-paced environments. Committed to leveraging emerging technologies to foster growth and enhance operational efficiency at Ambiance.

Work Experience

Google 2013 - 2014
IT Director

As IT Director at Google, I led the strategic vision and execution of technology initiatives, driving innovation and operational excellence. I managed a high-performing team, ensured data security compliance, and oversaw the development of scalable platforms. Collaborating with cross-functional teams, I evaluated emerging technologies to enhance our infrastructure, ultimately fostering a culture of creativity and technical advancement in a fast-paced environment.

Google 2013 - 2014
IT Director

As IT Director at Google, I spearheaded the technology vision, driving innovation through scalable platform development and efficient technical operations. I cultivated a high-performing engineering team, ensured data security and compliance, and evaluated emerging technologies. Collaborating with executives, I executed strategic initiatives that aligned with business objectives, fostering a culture of excellence in a dynamic, growth-oriented environment.

Google 2013 - 2014
IT Director

As IT Director at Google, I led the development and execution of strategic technology initiatives, overseeing high-performance engineering teams and scalable platforms. My role involved driving innovation, enhancing data security, and ensuring compliance. Collaborating closely with executives, I evaluated emerging technologies to maintain our competitive edge in a fast-paced environment, fostering a culture of excellence and continuous improvement within the organization.

Google 2013 - 2014
IT Director

As IT Director at Google, I led the development and execution of innovative technology strategies, ensuring robust, scalable infrastructure. I managed a high-performing team, oversaw technical operations, and implemented best practices in data security. Collaborating with cross-functional leaders, I drove efficiency and innovation, positioning the organization to adapt swiftly to evolving market trends and technological advancements.

IBM 2023 - Present
Senior Director of AI Strategy

In my role as Senior Director of AI Strategy at IBM, I led the formulation and execution of AI initiatives, aligning them with business objectives. I drove innovation, collaborated across functions, and ensured the integration of ethical AI practices. My focus was on harnessing data-driven insights to enhance product offerings and establish IBM as a leader in AI technology.
