

Reid Thomas

Missouri City, TX · reid@reidthomas.net · +1111111111

Professional Summary

Dynamic Chief Technology Officer with a proven track record in shaping technology vision and executing strategic initiatives. Expertise in developing scalable platforms, leading high-performing engineering teams, and driving innovation. Adept at overseeing technical operations and ensuring data security, while evaluating emerging technologies to enhance organizational growth. Committed to fostering collaboration and excellence in a fast-paced environment at Ambiance.

Work Experience

Google 2013 - 2014
IT Director

As IT Director at Google, I led the strategic vision for technology, ensuring operational excellence across diverse platforms. I managed a high-performing engineering team, driving innovation and scalability. My role involved overseeing technical operations, implementing data security practices, and evaluating emerging technologies. Collaborating with executives, I aligned technology initiatives with business objectives, fostering a culture of continuous improvement and adaptability in a fast-paced environment.

Google 2013 - 2014
IT Director

As IT Director at Google, I drove the technology vision and strategy, ensuring alignment with organizational goals. I led cross-functional teams to develop innovative, scalable solutions while enhancing operational efficiency. My role involved overseeing technical operations, implementing robust data security measures, and fostering a culture of collaboration and continuous improvement. Through strategic partnerships, I evaluated emerging technologies to maintain our competitive edge in the rapidly evolving tech landscape.

Google 2013 - 2014
IT Director

As IT Director at Google, I led the development and execution of innovative technology strategies, ensuring optimal performance across scalable platforms. I managed a talented engineering team, driving technical operations while enforcing data security and compliance measures. My role involved evaluating emerging technologies, fostering collaboration with executives, and promoting a culture of continuous improvement, ultimately enhancing operational efficiency and supporting the company's growth objectives in a dynamic environment.

Google 2013 - 2014
IT Director

As IT Director at Google, I led the development and implementation of innovative technology strategies to enhance operational efficiency. I managed a diverse, high-performing engineering team, ensuring the seamless integration of scalable platforms. My role involved overseeing technical operations, enforcing data security protocols, and evaluating emerging technologies to drive innovation. Collaboration with cross-functional teams was essential to align technology initiatives with business objectives, fostering a culture of continuous improvement.

IBM 2023 - Present
Senior Director of AI Strategy

In my role as Senior Director of AI Strategy at IBM, I spearheaded the development and execution of innovative AI initiatives, aligning technology with business goals. I led cross-functional teams to enhance AI capabilities, drove strategic partnerships, and identified market opportunities. My focus on data-driven decision-making and emerging technologies enabled us to deliver transformative solutions, positioning IBM as a leader in the AI landscape while fostering a culture of continuous improvement and collaboration.
