### Professional Summary

---

Dynamic technology leader with extensive experience as a Chief Technology Officer (CTO), driving innovation and shaping technology vision. Proven track record in developing scalable platforms and managing high-performing engineering teams. Adept at implementing data security best practices and evaluating emerging technologies to enhance operational efficiency in fast-paced environments. Committed to aligning technology strategy with business goals at Ambiance.

### Work Experience

---

IBM 2023 - Present

Senior Director of AI Strategy

As Senior Director of AI Strategy at IBM, I spearheaded the development and implementation of innovative AI solutions that aligned with business objectives. I collaborated with cross-functional teams to identify opportunities for AI integration, driving efficiency and enhancing customer experiences. My role involved shaping the AI vision, overseeing project execution, and ensuring alignment with global strategies. By fostering a culture of continuous learning and innovation, I empowered teams to leverage cutting-edge technologies while maintaining ethical standards. My leadership contributed to IBM's position as a thought leader in the AI sector, driving growth and competitive advantage.
