IBM

Senior Director of AI Strategy

As Senior Director of AI Strategy at IBM, I was responsible for defining and executing our AI vision across diverse sectors. I led cross-functional teams in developing innovative AI solutions, aligning technology initiatives with business goals. This role required strategic foresight, collaboration with stakeholders, and a keen understanding of market trends to drive growth and enhance customer experience. My focus was on fostering a culture of continuous improvement and ensuring robust AI governance and ethical considerations in our initiatives. 2023 - Present
