

Professional Summary

Dynamic and results-driven technology leader with extensive experience in shaping and executing innovative technology strategies. Proven track record in developing scalable platforms and building high-performing engineering teams. Expertise in driving technical operations and implementing data security practices, with a strategic mindset tailored for fast-paced environments. Passionate about leveraging emerging technologies to propel organizational growth at Ambiance.

Work Experience

IBM 2023 - Present

Senior Director of AI Strategy

As the Senior Director of AI Strategy at IBM, my primary responsibility was to envision and implement a comprehensive AI strategy that aligned with our organizational goals. I led cross-functional teams to harness AI capabilities, driving innovation across various business units and enhancing operational efficiencies.

My role involved analyzing market trends and emerging technologies, allowing us to anticipate shifts in the AI landscape and position IBM as a leader in the sector. I collaborated closely with product development, marketing, and sales teams to ensure our AI solutions met client needs and delivered tangible business value.

I fostered a culture of continuous learning and experimentation, encouraging my teams to explore new methodologies and frameworks while adhering to ethical AI principles. Additionally, I engaged with key stakeholders, both internally and externally, to advocate for AI adoption and to cultivate strategic partnerships.

Overall, my tenure as Senior Director of AI Strategy was characterized by a commitment to leveraging AI for transformative business outcomes, ensuring that IBM remained at the forefront of technological advancement in an ever-evolving digital landscape.
