IBM
Senior Director of AI Strategy
As Senior Director of AI Strategy at IBM, I led the development and implementation of innovative AI initiatives, aligning technology with business goals. I drove cross-functional collaboration, identifying key opportunities for AI integration to enhance efficiency and competitive advantage. My role involved cultivating a high-performance team, overseeing AI project lifecycles, and ensuring ethical AI practices. Additionally, I evaluated emerging technologies, fostering a culture of continuous improvement and innovation within the organization to maintain IBM's leadership in AI solutions. 2023 - Present
