

Professional Summary

Dynamic Chief Technology Officer (CTO) with a proven track record in defining technology strategies and leading scalable platform development. Expertise in building high-performing engineering teams and driving innovation in fast-paced environments. Adept at overseeing technical operations, ensuring data security, and leveraging emerging technologies to propel company growth at Ambiance.

Work Experience

IBM Senior Director of AI Strategy As Senior Director of AI Strategy at IBM, I led the formulation and execution of AI initiatives that aligned with business objectives. My role involved driving innovation through data-driven insights, overseeing cross-functional teams, and collaborating with stakeholders to enhance AI capabilities. I championed the integration of AI solutions across various sectors, ensuring scalability and compliance. By evaluating emerging technologies, I positioned IBM as a leader in AI, fostering a culture of continuous improvement and strategic partnerships. My leadership focused on empowering teams to harness AI's potential for transformative business outcomes while addressing ethical considerations in technology deployment.	2023 - Present
