Professional Summary

Dynamic technology leader with extensive experience in shaping and executing technology strategies. Proven track record in developing scalable platforms and building high-performing engineering teams. Adept at driving innovation and overseeing technical operations while ensuring data security and compliance. Committed to collaborating with executives to achieve business goals in fast-paced, growth-oriented environments.

Work Experience

IBM   2023 - Present
Senior Director of AI Strategy

As Senior Director of AI Strategy at IBM, I led the development and execution of innovative AI initiatives that aligned with corporate goals. My role involved collaborating with cross-functional teams to integrate AI solutions across products and services, enhancing customer experiences and operational efficiency. I evaluated emerging technologies, guided research efforts, and established strategic partnerships to drive AI advancements. Additionally, I championed best practices in data ethics and compliance to ensure responsible AI deployment, effectively positioning IBM as a leader in the AI landscape while fostering a culture of innovation and continuous improvement within the organization.
