Missouri City, TX · reid@reidthomas.net · +1111111111

Professional Summary

Results-driven technology leader with a strong track record as a Chief Technology Officer. Expertise in defining and executing technology strategies, developing scalable platforms, and building high-performing engineering teams. Proven ability to drive innovation and oversee technical operations in fast-paced environments while implementing best practices in data security and compliance. Committed to aligning technology with business objectives at Ambiance.

Work Experience

Google   2013 - 2014
IT Director
As IT Director at Google, I led strategic technology initiatives, managed infrastructure, and ensured seamless operations. I fostered innovation through a high-performing team, implemented robust security measures, and drove the adoption of emerging technologies to enhance efficiency and scalability across the organization.

Google   2013 - 2014
IT Director
As IT Director at Google, I led the development and execution of innovative technology strategies, ensuring robust infrastructure and high-level data security. I fostered a collaborative environment, empowering a skilled engineering team to drive efficiency and scalability while adapting to emerging technologies in a rapidly evolving landscape.

IBM   2023 - Present
Senior Director of AI Strategy
As Senior Director of AI Strategy at IBM, I led the formulation and execution of innovative AI initiatives, aligning technology with business goals. I fostered cross-functional collaboration, drove AI adoption, and ensured scalable solutions, enhancing operational efficiency and positioning IBM as a leader in the AI landscape.
